INTERNSHIPS AND PROJECTS

Internships **Tata Strive** (Duration May 2025 - September 2025)
In this place where I learnt about full-stack Java, and my career building.
Skills used - Full Stack Application Development
Teachnook (Duration June 2024 - August 2024)
I had worked as an intern in the company , and even the data science projects
on that.
Projects **Mobile application for Uplifting the farmer through connected
ecosystem** (Duration January 2024 - August 2024)
Description: Recently, we had done a project for the farmer welfare selling their
products and getting information about farming (tools, fertilizers, land, crop
etc,). We used tools android studio for both front & back end. Outcome of this
project is we had published a journal/reference paper on this idea and journal
id: JETIR2501205 and we got better efficiency up to 91% from that.
Technologies: Android studio for mobile application & Firebase for Database &
storage .
